GEN. SHERMAN.—This officer has
been ordered to Washington. For-
ney's Chronicle says:

The telegram from the President
to Gen. Sherman, ordering him to
report here in person immediately,
did not specify any cause for his
relief from duty on the Indian com-
mission, and it is supposed that, not-
withstanding the assertion of the
Administration press to the contrary,
Mr. Johnson intended to offer him
the War Office. Finding, however,
that the General's fast friendship for
Gen. Grant, and his political prin-
ciples, whatever they may have been
in the past, are now similar to those
entertained by his brother, Senator
John Sherman, rendered the accept-
ance of the offer uncertain, the Pres-
ident hesitated to make it.

The New York Herald, of the 8th,
comments as follows:

There appears to be a good deal of
perturbation in Washington about
Gen. Sherman's visit, and his conver-
sation with the President, which are
interpreted by the gossips to mean a
change in the Cabinet. Mr. John-
son is taking a long time to decide as
to what he shall do in this matter of
Cabinet reconstruction. If he is
going to make a change, why not do
it at once, without calling his gen-
erals to Washington from all parts of
the country, over mountains and
through valleys, at great expense and
loss of time, and then doing nothing
after all? If the thing were well
done, it were well it were done
quickly.

PROPOSITION TO HARMONIZE.—The
New York Herald, of the 8th, has a
special despatch from Washington,
from which we extract the following:

An important proposition has just
been started by influential Republi-
cans, which seems to meet with con-
siderable favor, and may have a con-
trolling influence upon the action of
Congress at the approaching session,
and upon the next Presidential elec-
tion. It is that a Congressional com-
mittee shall be appointed, by the
consent of all Senators and Repre-
sentatives, who concur in the propo-
sition, to wait upon President John-
son, and request him to state de-
finitely what plan he has to submit
for the speedy reconstruction and ad-
mission of the Southern States, as he
has hitherto opposed every policy
that has been initiated by Congress.
They presume that he has a definite,
practical plan of reconstruction in
his mind, which he believes would
be effective, and which would meet
his approval. They would then as-
certain to a certainty whether there
is any possibility of the Legislative
and Executive branches of the Gov-
ernment harmonizing on a policy
that would restore the ex-rebel States
to representation before the next
Presidential election, or whether the
country must remain in its present
condition until those two branches
shall be brought into accord by the
decision of the ballot-box in 1868.
Attempts have before been made to
patch up a compromise between the
President and Congress, but they
have been only individual volunteer
efforts. The proposed movement
contemplates the concurrence of a
sufficient number of Republicans to
secure a majority of each house,
should any agreement be possible,
and the application to the President
will be formal and authoritative. It
originates with those who fear that
impeachment may bring a destruc-
tive financial crisis upon the country,
and is said to meet the approval of
Senator Morgan, of New York, and
other representatives of constituencies
particularly concerned in the
financial prosperity of the country.
It would, moreover, form the nucleus
of a new constitutional party all over
the Union.

WON'T WORK.—There was an agent
for some public work here a few days
ago, from Annapolis, Md., endeavor-
ing to obtain negro labor among
the many idle of that element in our
community, and offered seventeen
dollars per month and board. We
are informed that it was impossible
for him to get more than one or two
hands, and yet there must be hun-
dreds of these people among us
spending their lives in miserable
indolence.—Norfolk Journal.

COURT WEEK.—Our Fall Court
should have convened on Monday,
but his Honor Judge Glover did
not arrive till Tuesday. We learn
that it is the case with us, as in all
other Districts in the State, owing to
General Canby's jury order, it is im-
possible to empanel a jury for the
present term, and the business, if
any, will have to be deferred.

[Cheraw Advertiser.]

NORTH CAROLINA.—General Canby
has removed three County judges in
North Carolina, and appointed their
successors. In the same County,
(Cleveland,) he has deferred the
payment of the taxes imposed by the
Provisional Government of the State,
until the 1st December next.

FROST.—The Spartanburg Spartan
says that they have had a heavy frost
in that vicinity.

The Winnsboro News notices a
slight frost in that neighborhood on
Tuesday, not enough, however, to do
any material injury.

PERSONAL.—The Mobile Times
says: "Asa Hartz has cured the
yellow fever; this, withal, being his
second encounter. We are not in-
formed whether the game was played
for the championship or not."

Paper currency is the child of the
war.—Exchange.

We find considerable difficulty in
"raising" that child.

rapid, loss of appetite, with indigestion
and flatulence and irregular action of the
bowels, low spirits and severe headache,
great debility, with languor, you may set it
down the blood wants richness. A thou-
sand complaints flow from this one thing.

A DANGEROUS SEASON.—An almost
unparalleled quantity of rain has fallen
during the summer. Vegetation has been
wonderfully thick and rank, and, as it de-
cays, an unusual amount of sickness may
be expected unless proper means are taken
to prevent it.

Fever and ague and bilious remittents
already prevail to an alarming extent, and
as the fall advances, and the malarious
night fogs become heavier, the sick list is
likely to increase, both in the city and the
country. It is, therefore, only an act of
common prudence to keep the vital forces
in full vigor, so that they may resist the
unhealthy influences of the season. Re-
inforced by the tonic operation of

HOSTETTER'S STOMACH BITTERS,
The system, however weak and suscepti-
ble, naturally will, in nine cases out of ten,
successfully combat every species of at-
mospheric poison by which epidemics are
produced.

During the months of September, Oc-
tober and November, the difference in
temperature between day and night is
very great, and the chilling dews and mists
of the season are the prolific causes of in-
digestion, cholera morbus, diarrhoea and
dysentery. Bearing this in mind, remem-
ber, also, that the BITTERS not only in-
vigorates the stomach and brace the nerves,
but act specifically upon the bowels and
the liver, imparting to those important
organs regularity and tone. It is not rea-
sonable to expect immunity from preva-
lent complaints if no precautions are taken
to escape them.

HOSTETTER'S BITTERS are at once
pleasant to the taste, and the most certain
of all safe-guards against febrile ailments.

DILLON'S PATENT UNIVERSAL COTTON TIES AND IRON HOOP

THIS TIE, with the HOOP COMPLETE, weighs no more than the usual Rope used
in baling cotton, and renders an allowance for tare unnecessary; the ONLY TIE
REQUIRING NO SLACK WHILE PUTTING ON, and is so perfect that the necessity
for heavy hoops, to make up for deficiencies in the tie, is entirely obviated. Can be
sold by the pound or ton as cheaply as the heavy hoops and less perfect ties. Each
and every tie is warranted perfect. Science and practical use will have the effect of
the Iron Tie entirely superseding the use of rope—its combination of advantages, its
preservation of the cotton when baled from consumption by fire, rendering its security
to Insurance Companies a matter for consideration, both while in warehouse or on
shipboard, and its simplicity of use and economy combined.

THE TRIUMPH OF ART! MORE TESTIMONY IN FAVOR OF Heinitsh's Queen's Delight.

EXTRACTS FROM LETTERS: "The
Queen's Delight is beginning to
awaken the attention of our physicians.
Its remarkable curative power is seen in
its wonderful effect upon disease. As a
blood purifier, there is no medicine like it
known to the profession. A gentleman
told me that his son has been taking the
Queen's Delight, and is more benefited by
it than by any other medicine. He wants
a dozen bottles."

Extract from a letter: "It is due to you
to state in this public manner, in order
that the people may know the truth, that
I have tried your Queen's Delight, and
found it not only what you said it was—a
pure medicine—but the best medicine I
have ever taken for eruptions and general
bad health. I had an eruption all over my
body, with impaired digestion and disor-
dered liver, and have tried a great many
medicines without any benefit. I have
taken one bottle of your Queen's Delight,
the eruption has disappeared, my appetite
is better, my liver and digestion is im-
proved. I am satisfied one or two more
bottles will cure me."

Extract from a letter: "At the close of
the war, my constitution was shattered. I
could not eat, sleep or perform any duty
whatever, such was my prostrate condi-
tion. Medicine and medical aid I had in
abundance, such was my condition up to a
few months since, when I began the use of
your Queen's Delight. I have used two
bottles, my constitution is greatly im-
proved, my appetite is good, enjoy refresh-
ing sleep, and am able to perform my share
of daily labor."

Extract from a letter: "Wonderful effect
of only one bottle: 'I have used only a
half bottle of 'Queen's Delight' for boils
and eruptions of the skin and itching hu-
mors of the blood, which annoyed me very
much. I am entirely cured. I think your
medicine a valuable one."

A remarkable case of liver complaint and
headache cured by the use of "Heinitsh's
Queen's Delight." A lady of unquestioned
worth and reputation voluntarily gives tes-
timony of the wonderful effects of this
medicine. She has been from early years
a martyr to headaches, caused by imper-
fect action of the liver, producing intense
headache and pain over the eyes. She has
taken only four bottles, and assures us of
the perfect cure it has made. She now en-
joys good health.

Still another: "During last spring, I had
been troubled with obstinate chills and
fever, which, when cured, left my system
in a wretched condition, blood impure, and
I was afflicted with an angry, and, as I at
one time thought, an incurable, cutaneous
eruption over my entire body. The most
violent remedies suggested failed to work
a cure, until, at the instance of a friend, I
tried Dr. Heinitsh's Queen's Delight. Less
than two bottles cured me, leaving my skin
in a healthy condition. My general health
is as good as ever. For such purposes, I
have, ever since, my cure, unhesitatingly
recommended your Queen's Delight."
Don't buy any but the right kind. All
genuine Queen's Delight has the copyright
mark on the outside, and it is the only
medicine which produces these wonderful
cures. For sale wholesale and retail at
FISHER & HEINITSH'S
Drug Store.
